### ***DETAILED ACTION***

Claims 1-39, 50, 55, 58, 65 and 78, have been cancelled. Therefore, claims 40-49, 51-54, 56-57, 59-64 and 66-77 and 79-85 are currently pending in this application. Claims 41-49, 51-54, 56-57, 67-77 and 79-85 are withdrawn from further consideration by the Examiner, 37 C.F.R. § 1.142(b), as being drawn to a non-elected invention. The withdrawn subject matter is patentably distinct from the elected subject matter as it differs in structure and element and would require separate search considerations. In addition, a reference, which anticipates one group, would not render obvious the other.

### **Information Disclosure Statement**

Applicant's Information Disclosure Statements, filed on December 06, 2005 has been considered. Please refer to Applicant's copies of the 1449 submitted herewith.

### **Response to Restriction**

Applicants' election of Group I, with traverse, claims 40, 59-64 and 66 drawn to products

of Formula

, and the specific compound

, in response filed October 06, 2008 is

acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Applicants preserve their right to file a divisional on the non-elected subject matter.

**The scope of the invention of the elected subject matter is as follows:**

Compounds of Formula I, as defined in the currently amended claim 40, wherein R1-R5 are as defined. Applicants have cancelled the non-elected subject matter from claim 40, 59-64 and 66 have been examined.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

**Allowable Subject Matter**

The invention claimed in claims 40, 59-64 and 66 is allowable over the prior art. The closest prior art is GB 1 464 259 A.

This application is in condition for allowance except for the following formal matters:

Non-elected subject matter need to be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
